PROFILE

Dynamic pre-engineering student and CTF player with a keen interest in cybersecurity and a track record of volunteering demonstrating strong soft skills. Passionate about expanding knowledge in cybersecurity, with a natural ability to integrate seamlessly into team environments. Eager to contribute technical aptitude, collaborative spirit, and dedication to personal and professional growth to a dynamic organization.

EDUCATION

Integrated Preparatory Student in IT
Esprit
09/2023 – present

scientific secondary school diploma
2023

CERTIFICATES

- Learn PHP and MySQL from Udemy
- First Aid from Red Crescent
- Photography

SKILLS

Oral communication

Intermediate Cybersecurity Training: Exploring Web Exploitation, OSINT, and Cryptography

Mastering the Fundamentals of Linux

Mastering Adobe Software

Intermediate-Level Programming: Exploring C

PROFESSIONAL EXPERIENCE

Trainee,

Securinets ,Esprit

present

Participated in a Capture the Flag (CTF) competition with Securinets, where I solved a "Web Exploitation" challenge. I explored a web application to identify security vulnerabilities, utilizing techniques such as SQL injection and cross-site scripting to locate and retrieve a hidden "flag." This experience enhanced my understanding of common web security issues and developed my ability to solve complex problems in a cybersecurity context.

First aider

Red Crescent

present

As a first aider with the Red Crescent, I provided emergency medical assistance at public events like festivals and sports games. My role involved assessing medical emergencies, performing first aid (e.g. CPR, bleeding control), and coordinating with emergency services. I communicated with victims and kept detailed records of incidents. This position improved my emergency response skills and my ability to stay calm under pressure.
